DETAILED ACTION

Response to Amendment

Applicant's arguments with respect to claims 40-65 have been considered but are moot in view of the new ground(s) of rejection.

Claim Objections

Claims 58-61 are objected to because of the following informalities:

In claim 58, line 1, claim 59, line 1, claim 60, line 1, claim 61, line 1, "wherein" should be –wherein--. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 50-53, and 63-65 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as

to where broad language is followed by "such as"/"preferably" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949). In the present instance:

Claim 50 recites the broad recitation "a first dimension being at least 2", and the claim also recites "such as at least 3" and then "preferably at least 4 times" which is the narrower statement of the range/limitation.

Claim 52 recites the broad recitation "80-120%" and the claim also recites "such as 85-115%" and then "preferably at least 90-110, such as 95-105, preferably 98-102%" which is the narrower statement of the range/limitation.

Claim 64 recites the broad recitation "80-120%" and the claim also recites "such as 85-115%" and then "preferably at least 90-110, such as 95-105, preferably 98-102%" which is the narrower statement of the range/limitation.

Claim 65 recites the broad recitation "80-120%" and the claim also recites "such as 85-115%" and then "preferably at least 90-110, such as 95-105, preferably 98-102%" which is the narrower statement of the range/limitation.

Regarding claim 51 and 63, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Claim 53 is rejected by virtue of it's dependency on claim 52.

Allowable Subject Matter

Claims 40-49, 54-57, and 62 are allowed.

Claims 50-53, and 63-65 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 58-61 would be allowable if rewritten or amended to overcome the objections, set forth in this Office action.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
